ment as Comp Chase. We are pleased to see pass was made on the 18th of April, by two cord the destruction and defeat of the whole General Grant is in command of the division 2d brigade after I assumed command of the shat like mishaps and misfortunes have not Pederal guaboats, the New London and Cayuga. float. Thus far the demonstration has amount at Port Gibson, and his corps is about forty division, repeated the exhibition of judgment. Capt. McDermit, of the Caynga, was hilled and od to almost nothing, as far as any declaive re-thousand strong. A suspicion is entertained and coolness which he had displayed in leading. A few days since, I was weighted on the Confederate bonds of the fifteen million his boat taken. The other bont was riddled by sults here are concerned. The lattack may be among military men that the landing of troops his regiment in the first engagement of the scales of a friend who has no goods for sale by only a feint, to keep our forces occupied while on the Yanzo is a feint, intended to draw our weight, and was again weighed on the armes The Delta concludes an editarial notice of the funeral as follows:

I cannot close that point, and testimony to the gallant conclude of the officers weighing, and foned, to the funeral as follows:

I cannot close that prepert white all the officers minutes after the first weighing, and foned, to the funeral as follows:

I cannot close that point, and testimony to the gallant conclude of the officers minutes after the first weighing, and to my astonishment, that I had increased in weight then, when the city is unprotected, the Faderals and privates of the command generally, and to my astonishment, that I had increased in weight then, when the city is unprotected, the Faderals are point, and to my astonishment, that I had increased in weight then. The Union flect on the Texas coast sines from whatever direction they will, the Yankees will take the darkness of the night in which to the January has sufficed severely in will meet with formidable obstructions, and a re-embark their troops and bring them round to the 18th of January has suffered severaly in will meet with formidable obstructions, and a re-embark their troops and bring them round to be extended. I feel it due to a gallant foreigner Lambert of old, and the citizens of Mobile may Passports are now issued in Augusts, ships and officers, and to any nation less perse determined resistance. Through the Yankee the front of Vielaburg to storm the city before to call your attention to his bearing throughout expect second to see the largest specimen of his Georgia, at twenty-five cents each—the proceeds vering than ours, the reverses and disasters in deserter, we learn that Lieut. Cotting ham, of the an army can get there to check them. All this the several bloody conflicts. Lieut. Col. Polig-manity in the country. If I was world as the handed over to the Augusta Purveying and an army can get there to check them. All this an army can get there to check them. All this an army can get there to check them. All this an army can get there to check them. All this an army can get there to check them. All this an army can get there to check them. All this is more conjecture, and the exact plans, of the city poor.

At Brownsville, Texas, molasses is selling at fifty cents per gallon. Shoes, of good make,

W. H. T. said but it requires the country. If I were world an army can get there to check them. All this is a good idea.

This is a good idea.

W. H. T. said but it requires the country. If I were world an army can get there to check them. All this is a grounded, and a prisoner among the Yankses. More anon.

This is a good idea.

W. H. T. said but it requires the country. If I were world an army can get there to check them. All this is a grounded, and a prisoner among the Yankses. More anon.

Stream of the country. If I were world an army can get there to check them. All this is more conjecture, and the exact plans, of dollars and fifty cents every ten minutes, which will be the country. If I were world an army can get there to check them. All this is more conjecture, and the exact plans, of dollars and fifty cents every ten minutes, which will be the country. If I were world an army can get there to check them. All this is more conjecture, and the exact plans, of dollars and fifty cents every ten minutes, which is more conjecture, and the exact plans, of dollars and fifty cents every ten minutes, which is more conjecture, and the exact plans, of dollars and fifty cents every ten minutes, which is more conjecture, and the exact plans, of dollars and fifty cents every ten minutes, which is more conjecture, and the exact plans, of dollars and fifty cents every ten minutes, which is more conjecture, and the exact plans, of the city poor.

This is a good idea.
